

//

The image displays a white, resealable pouch of dried star anise (Badyan) and a small glass dish containing the same spice. The pouch features a gold-colored logo at the top that reads "Золотое Зерно" (Golden Grain). Below the logo, the word "БАДЬЯН" (Badyan) is printed in large, bold, black Cyrillic letters, followed by "(star anise)" in smaller text. A decorative flourish separates the text from a paragraph in Russian: "Известен своими жареными зернами. Используют для приготовления десертов, мясных блюд и напитков и в качестве ароматизатора. Добавка, созданная в Китае на основе натуральных ингредиентов." Below this text, the words "качественный натуральный продукт" (quality natural product) are printed. The glass dish to the right shows a close-up of the dark brown, star-shaped dried seeds of the anise.
